

Mount Type: Smartphone + Smartphone

* Only the teleprompter and clamp are included.

Installation steps

Take out clamp's components

Install the clamp on the teleprompter

Tighten with the screw cap

Install the teleprompter on the triangle bracket through the bottom 1/4" of the teleprompter

Paste the outer foam ring on the 49mm lens adapter, and then select the inner foam ring that matches the phone lens and embed it in the center of the outer foam ring

Install the assembled 49mm lens adapter onto the teleprompter

Install the phones in front of and rear of the teleprompter
